SKILLS

IT KNOWLEDGE

Programming

Java • JavaScript • Python • PHP • CSS •

REST API • GraphQL

Frameworks and libraries

Django • Express • NodeJS • ReactJS

markup and documentation

HTML • XML • Markdown • UML

Database and ODM:

RDBMS • MySQL • MongoDB •

Mongoose

DevOps:

Git • GitHub • Docker

SOFT SKILLS

Open-mindedness • Patience •

adaptability • flexibility • Critical thinking

• creativity • problem-solving.

COURSEWORK

GRADUATE

Big Data • Cloud Computing • Machine

Learning

UNDERGRADUATE

Functional Programming • Object

Oriented Programming • Database design

• Design patterns • Algorithms and data

structures • Scripting

ABOUT ME

Aspiring developer with strong background in web development and software design. Ability for collaborating and accomplishing big things as a part of a team. Dependable and reliable. Ready to learn. Strong problem-solving skills and a passion for staying up-to-date with the latest web development technologies.

EXPERIENCE

MOSTAQL | WEB DEVELOPER

Dec 2022 - Dec 2022 | Remote

NEWSIZE | WEB DEVELOPER

Aug 2022 - Oct 2022 | Algeria, GUELMA

- Developed and maintained an e-commerce website using Django framework.
- Implemented various features such as user authentication, product management, and stripe payment gateway.

HIGHER SCHOOL OF COMPUTER SCIENCE | TEAM LEADER + WEB DEVELOPER

Apr 2021 - Sep 2021 | Algeria, SBA

- Lead and collaborated with a team of 6 developers to implement healthcare web application for medical file management using Django (python) web framework with MVT architecture pattern.
- Planned website development, converting mock-ups into usable web pages with HTML5, CSS3, JavaScript.
- Oversaw back-end development using Python with Django web framework to maintain website integrity, security and efficiency using Django ecosystem tools.
- Implemented the Django Clean Architecture pattern to organize the code-base and make it more maintainable by separating the code into different layers.

GUELMA UNIVERSITY | WEB DEVELOPER

May 2020 - Sep 2020 | Algeria, GUELMA

- Provided server side development using PHP to maintain dynamic educational committee management web application implementing data management and validation, user interface, authentications ...
- Utilized UML diagrams to plan and design a PHP full stack application during the conception phase.

INTERESTS

Spending time on working, reading, learning new things, journaling, taking up a hobby, meditation playing sport, healthcare, nature, gaming, rest.
